

**So, you're good at flipping and flopping,
now, right? Wait until you see THIS . . .**

When a word ends with an i-e,
and you need to add the suffix **-ing**,
you change the i-e to a y and *then* add the -ing.
WHAT?! 😊

die + ing = dying

tie + ing = tying

untie + ing = untying

lie + ing = lying

vie + ing = vying

~~dieing~~ dying

~~lieing~~ lying

~~tieing~~ tying

Write a sentence using one of the following words: die, lie, tie + i-n-g.

Now write another sentence using one of the *other* ones + i-n-g.
